

# *South Carolina Annual Library Statistical Summary FY05*

*July 1, 2004 – June 30, 2005*

The South Carolina Annual Library Statistical Summary for fiscal year 2005 (July 1, 2004 – June 30, 2005) is one of the several tools that can provide valuable information needed for the ongoing development of library services statewide. It is also a useful tool for planning your library's short term as well as long-term plans. This year, we are incorporating public, academic, and institutional library statistics in one publication.

This summary includes information about each library. For Public Libraries, it is recommended that this publication be used in conjunction with the South Carolina Public Library Standards to further develop your library's services and programs.

Data from the summary can be useful to library directors, staff, and board members in assessing the quality and effectiveness of library services, determining areas for improvement, and serving as a basis for planning for the future.

Each library submits primary information.

Data reviewed and collected by Libby P. Law  
Edited by Dr. Curtis R. Rogers and Debbie Anderson

**South Carolina Public Libraries are organized by county with the exception of the Aiken-Barnwell-Edgefield and Allendale-Hampton-Jasper Regional Library Systems and the Chapin Memorial Library of Myrtle Beach.**

**Key Indicators.** Information in this section is provided by the USC Institute for Public Service and Policy Research South Carolina Indicators Project.

## 1. LIBRARIES PER 100,000 RESIDENTS

**Definition:** This indicator represents the average number of libraries or branches servicing every 100,000 residents. It does not include bookmobiles.

**Significance:** This is an availability measure of this cultural resource.

### ANALYSIS, Libraries per 100,000 Residents

Data reflects the number of libraries per 100,000 residents in South Carolina (SC), the number of libraries per 100,000 residents throughout the United States (US), and the number of libraries per 100,000 residents in the eight Southeastern (SE) states. The Southeast consists of Alabama, Florida, Georgia, Kentucky, Mississippi, North Carolina, South Carolina, and Tennessee.

Source: Data derived from "Public Libraries in the United States: FY 2003 (NCES 2005363, September 2005); also published by Morgan Quitno Press, *State Rankings 2006*, using data from this source.
